Purpose

The Montgomery Symphony League (MSL) Board maintains funding for Music Study Grants for members of the youth orchestra.

Music Study Grants are for partial financial aid. The number and dollar value of scholarships given may vary from year to year depending on MSL funds available.

Music Study Grants are available for assistance with the following:

- Music lessons
- Purchase of instruments, accessories, music scores, and/or music books
- Summer music camps

Music Study Grants

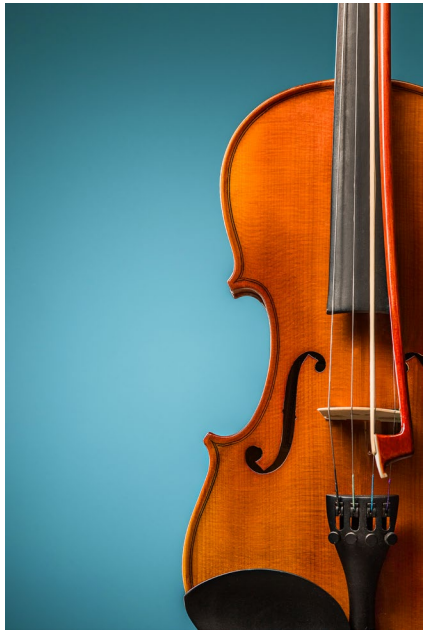
Sponsored by the Montgomery Symphony League



Application Process

To apply for a MSL Music Study Grant, a student must be: (1) a member of the Montgomery Youth Orchestra (MYO); (2) between the ages of 14 and 18 years on the application deadline date; and (3) in "good standing" after a period of at least three months of membership.

Good standing is determined by such factors as attending rehearsals regularly, displaying a courteous attitude and cooperative spirit, and handling MYO materials responsibly.

Eligibility: In all cases, the decision of the MSL is final.

During a Music Study Grant year, an MYO member who also plays with the MSO may seek a grant through either group but is expected to continue as a member in good standing with the MYO.

Application Forms

Application forms are available at MYO rehearsals and on the MSO website (www.montgomerysymphony.org). Forms must be completed and returned to the MSL VP for Youth by the stated period. A separate form must be submitted for each grant period.

Applicants must submit three forms: one providing personal information and one, written by the student, providing a paragraph stating the student's music goals and how the grant will help in fulfilling those goals. In addition, on or before the end of the grant period, recipients must submit a third form describing how the money was used. This form is important and required. Failure to submit this last form will make the student ineligible for future MSL Music Study Grants.

Deadlines

Application Deadline: Dec 1

Notification: Early January

Grant Period: Jan 31-May 31

Montgomery Symphony League

Formed in 1982, the Montgomery Symphony League works in partnership with the Montgomery Symphony Orchestra to foster, promote, and increase the public's appreciation and knowledge of music by providing educational activities for youth and adults of the River Region.

The League provides volunteer support for projects and activities that make the MSO's season possible. The MSL plays a support role in the annual MSO concerts held each spring at the Davis Theater; provides hospitality for MSO musicians during rehearsals for each of their seasonal concerts.
